We are the seed of emotional mature men and women. Let growing be more important than the old patterns of fear.	***	Accept everything that life gives to you or takes from you.	Some things have to be done slowly and carefully. Everything grows in IT's rhythm. Enjoy every moment.	We are the crowns of evolution.	Learn to appreciate your own worth. Then you can enjoy the appreciation of others without depending on it.	Everything is connected to everything in the past the future and the eternal now.	Big - small Close-far away connected - separated... It's all relative.	Follow the star of your life then you will decide correctly at crossroads of your life.	God is love and will be love forever no matter if we are able to recognize this or not.	One world one mind one family.	Wonder what the universe is planning for you and then surrender.	is all encompasses all and flows in all. In the simplicity of a feeling heart lays the ability to go with the flow of universal love.
